## About Me

Motivated and detail-oriented UX/UI designer with a Bachelor's in Commerce. I am eager to contribute to innovative design solutions that prioritize user needs and improve product usability. I am committed to continuous learning and growth in the design field.

## Projects

### MOODFLIX

Moodflix is a mobile entertainment application designed to offer users a personalized and user-friendly experience for watching content.

### IRCTC APP RE-DESIGNED

The IRCTC app has been redesigned with a modern and intuitive interface, focusing on seamless train booking and real-time updates. Unnecessary features have been eliminated to streamline the user experience, and enhanced security and reliable payment options ensure smooth transactions and improved user satisfaction.

### HRMS DASHBOARD (SAAS)

An HRMS dashboard SaaS provides cloud-based tools for real-time HR data analysis, tracking employee satisfaction, and strategic HR planning, enabling organizations to make informed decisions and align HR with business goals.
